

MICHAL ZADARNOWSKI

FRONT-END WEB DEVELOPER

Phone: 07480221301

E-mail: michal.zadarnowski@gmail.com

Website: zetdotcom.github.io

GitHub: github.com/zetdotcom

PROFILE

I am an entry level front-end web developer seeking a full-time position, where I can apply my knowledge and skills for continuous improvement. I am always positive and happy to learn new technologies and frameworks.

SKILLS

- HTML, CSS, JavaScript
- Responsive Web Design
- Bootstrap, jQuery
- Front-end build tools (NPM, Sass)
- ReactJS
- Git
- GatsbyJS
- WP REST API

EMPLOYMENT

FRONT-END DEVELOPER

FREELANCING (OCTOBER 2017 - PRESENT)

CHURCH COMMUNITY WEBSITE (www.jezuszyje.co.uk)

- Technologies: HTML5, CSS3, JS, React, Firebase
- Project description: Website developed alongside two other developers. It has become the main point of information for community events. It is also Progressive Web App what makes the website very accessible from mobile phone home screen.
- My role: mobile first approach UI/UX design, coding presentational components, website maintenance and updates

MATT WIELUNSKI PERSONAL TRAINER (no domain bought yet - check my portfolio projects section)

- Technologies: HTML5, CSS3, Sass, JS, React, GatsbyJS, Netlify
- Project description: Business website for Glasgow based personal trainer. Successfully connected WordPress CMS through REST API with React based front-end. This gives me the power of WP backend with freedom on the front-end.
- My role: full development of the website, from conception, to design to coding (website still in progress)

EMPLOYMENT

ELECTRIC MAP (electric-map-1515938108302.firebaseio.com)

- Technologies: HTML5, CSS3, JS, React, Google Maps API
- Project description: Web app (PWA) showing electric car charging points across the UK with 'get directions' option
- My role: full development of the web app

SMG LEARNING (<https://zetdotcom.github.io/smg-learning>)

- Technologies: HTML5, CSS3, Sass, GatsbyJS
- Project description: Contract job to translate PSD design into HTML website (not responsive)

ACCOUNTS ASSISTANT

JOHN M TAYLOR & CO (JANUARY 2016 - PRESENT)

- Financial statements preparation
- Achieved informal 'excel guru' title in the company, trained colleagues advanced excel features and helped them with excel related issues
- Effectively communicated with other departments, clients, and managers

ACCOUNTS ASSISTANT

FRENCH DUNCAN (APRIL 2015 - JANUARY 2016) & DA ACCOUNTANTS (NOVEMBER 2014 - APRIL 2015)

- Full accounts preparation life cycle - from records request to final version
- Quickly learned new accounting software what led to effective service delivery and prevented delays
- Managed workload, priorities jobs to make sure they are completed on time

EDUCATION

CONTINUING SELF-STUDY

edX - Programming for the Web with JavaScript

FreeCodeCamp - Full Stack Web Development Certification

Various Udemy courses on front-end and web technologies
